Right here dangerous idea
If we did this then we couldn't feel fear
 If there's no fear there's no control
 If there's no control someone's gotta let go
They say I Shouldn't say too much they might delete me
 Realize I don't really care about tv
 Keep your awards your applause I'm easy
 All I can do in this life is just be me
 Pilger can say it so can Niomi Kline
 Its free speech for them that's fine
Young black rapper should utter the same words
 Utterly absurd nutter insane nerd
 Even the fact I call myself 'black'
 Social conditioning and that's a fact
The idea of races has no factual basis
 It was made just to serve racists
To justify to doing to some what couldn't be done
 To others but they all are our sons
 Black or white all of our sons
 Muslim Christian all of our sons
Look up in the sky that's all of our Sun
 Last time I checked we only had one
 So if some were superior

others inferior based on exterior
Well then surely the sun would know and fall in to line'
 It would rain on your crops and not mine'
 Air would prefer to inhabit your lungs'
 Food would prefer the taste of your tongue'
If that's not the case then nature has declared
 Despite what we say the worlds in fact fair
 Chorus:
 Kids in Iraq
 Yours and my children
 Kids in Iran
 Yours and my children
 Afghanistan
 Yours and my children
 Even Sudan
 Yours and my children
 Kids in brazil
 Yours and my children
Police drive by the favela and just kill them
 Kids in brazil

Yours and my children
Police drive by the favela and just kill them
Right here dangerous idea
If we did this then we couldn't feel fear
If there's no fear there's no control
